Prime Time – RM7,200 Fringe Time – RM3,600

7. CLOCK FACE SLIDE (10 Sec)

A Clockface Ad is a brand placement displayed within or around the on-screen clock before news broadcasts, ensuring frequent, high-recall exposure during time checks in a trusted, high-attention news environment. Its reinforces brand familiarity and positions the advertiser alongside credible, real-time information.

Prime Time – From RM1,800 & Fringe Time – RM1,200

The design can be customised to suit each client and message, with the option to include a QR code for clear, immediate calls to action.

CLOCK FACE (10 Sec) Prime Time – From RM1,800 Fringe Time – RM1,200

8. DIGITAL COUNTDOWN YOUTUBE (90 Sec) RM1,800

Digital countdown on YouTube builds anticipation before a programme airs by driving early awareness, reminders, and repeat exposure across digital audiences. By counting down to launch, brands benefit from sustained visibility, higher recall, and stronger viewer intent before the content even goes on air—extending the campaign lifecycle beyond linear TV.

9. END CREDIT (10 Sec)

Prime Time – RM1,200 Fringe Time – RM600

A TVC End Credit is a branded placement shown at the end of a commercial or programme, reinforcing brand recognition and leaving a final, lasting impression as viewers complete the content. It can include logos, taglines, or calls to action, making it effective for message reinforcement and brand recall at the point of closure.

10. GRAPHIC LOGO PLACEMENT (1 Min)

Prime Time – RM3,600
Fringe Time – RM1,800

A graphic logo placement is a short, seamless logo used to reinforce brand recognition without a full storyline. It delivers a clean, premium brand presence and is commonly used in sponsor bumpers, ad fillers, live event screens, and channel idents, making it a cost-efficient, high-recall option for always-on branding across TV and digital platforms.

11. NAMING RIGHT (Per Episode)

Prime Time – RM18,000
Fringe Time – RM9,000

Naming rights embed a sponsor's brand directly into a TV programme, delivering **high-frequency, non-intrusive exposure** through titles, openings, closings, bumpers, and promos. This creates stronger brand recall and a more premium presence than standard ad spots.

They also build **powerful brand association** by linking the sponsor to the programme's values and audience, often with category exclusivity that reduces clutter and strengthens ownership of the content space.

Sponsor Deliverables :

- Programme title credit
- Opening & closing logo animation
- Sponsor bumpers before/after ad breaks
- Logo on programme promos & Host Mentions
- Digital & social mentions
- Usage rights for marketing materials
- Optional: on-ground or live-event association

Product placement in TV content is the strategic inclusion of a brand's product, logo, or service within a programme's storyline or setting, rather than in a traditional ad break.
It allows brands to gain **natural, non-disruptive exposure**, benefit from association with characters and narratives, and achieve higher recall and credibility by being seen as part of the content rather than an interruption.

18. COMPETITOR DISALLOWANCE

30 Sec
1 Category
Fringe Time RM3,600
Prime Time RM7,200

30 Sec

20. BRAND PARTICIPATION INSIDE PROGRAM

Brand participation inside a programme refers to a brand's active involvement within the content itself, beyond traditional advertising or sponsorship credits.
This can include on-screen integrations, segment ownership, host mentions, or branded activities that are organically woven into the programme, helping brands build **stronger engagement, credibility, and recall** by becoming part of the viewer's experience rather than an interruption.
